What Will France and Great

Question

(Note: What will Chancellor Adolf Hitler do next? Germany is a key figure as war and peace stage a race across Europe. Will Europe's boundaries remain unchanged as the race is run? Will Germany demand a return of her pre-war colonies? What will France and Great Britain do? Will there be war? H. R. LONDON, May 7.—(INS)—Europe is racing this summer. It is a building race. Germany is building fortifications in the Rhineland. France is building a wall of alliances around Germany. Britain is trying to build a framework of peace to include Germany. All three, and every other nation in Europe, are building their military establishments with desperate speed.

Upon the outcome of this race depends peace or war. But most of all depends on the speed of German fortification.

Until those fortifications are strong enough to check the French army not even the French expect Germany to move. When they are that strong the French and a good part of the rest of Europe are convinced Germany will be ready to move. In which direction?

Since March 7 when Hitler's troops "restored the sovereignty of the Reich" the European air has been so thick with diplomatic shellfire between Berlin, Paris, London and Rome that the meaning of the conflict has become obscured. The three principal documents, Locarno white book, German reply and French counter reply alone run to 15,000 words and the total record of the deliberations of the powers and of the League Council runs above 100,000.

Out of all these words emerged three guideposts to Europe's future. France asked Germany first "Do you recognize the present territorial boundaries of Europe as final?" Second, "If you say you do, will you consent to sign pacts of mutual assistance or subscribe to a common agreement that other nations attacked by an aggressor?" Third, "Will you promise not to fortify the Rhineland?"

To the first question Germany has not answered, and France takes silence as a negative. France is now convinced.

HUGE NEW ZEPPELIN MAY

Business Interests In  
Europe Now

NOW HELD BY LINERS

(Note: This is the third and final article on Germany's giant airship, "The Hindenburg," which took off from Friedrichshafen yesterday on its first flight to the United States.—INS.)

By James L. Kilgallen

(I. N. S. Staff Correspondent)  
NEW YORK, May 7.—(INS)—Speed—between Europe and America!

That's a big idea in the minds of business interests in Europe right at this time. It won't be long before Americans, scanning the front pages of their favorite newspapers, will be reading how Germany is going after speed by means of the zeppelin and Great Britain by means of a powerful trans-Atlantic liner.

France, which now holds the speed record of liners, will watch with interest. So will Italy, the former record holder.

During the month of May columns of newspaper copy will be written about the two projected speed events—Germany's and Great Britain's.

Yesterday, the new \$3,200,000 German zeppelin, the Hindenburg, took off from Friedrichshafen for Lakehurst, N. J., with fifty passengers and a crew of forty-three on what probably will be the start of a regular air line between Europe and the U. S. A.

On May 27 Great Britain's super-liner, Queen Mary, will sail from Southampton for New York in what may be an epochal voyage. This ship was built for the purpose of regaining Atlantic speed laurels which were wrested from her by the German ships, Bremen and Europa, the Italian liner Rex and finally the French liner Normandie.

The Normandie today holds the world's record. She established a west-bound crossing of four days, eleven hours and forty-two minutes on her maiden trip to New York in the summer of 1935. She did better on the return trip, setting a world's record of four days, three hours and twenty-eight minutes.

Now we are about to see Germany try to demonstrate that the zeppelin is the best and fastest method of speedy and safe travel between Europe and America. During the summer the Hindenburg plans to make ten round trips, back and forth from Germany to the United States, making the trip across easily in three days and perhaps less.

The United States has an observer aboard the Hindenburg on its initial voyage. He is Light Commander S. E. Peck, navy lieutenant-air expert, who has been in Germany studying technical problems of Zeppelins.

Uncle Sam is no longer operating dirigibles but nevertheless maintains a keen interest in this form of travel. Germany alone clings to the zeppelin as a means of fast transportation.

Both the United States and Great Britain have experienced bad luck with the dirigible. Three American dirigibles, the Shenandoah, Akron and Macon, were destroyed in peace time accidents. England lost faith in the dirigible after the destruction of her giant airship, the R-101.

Yet, in face of various handicaps, the race for speed goes on. The United States has been doing things in this respect with its clipper ships spanning the Pacific. And now—in a very short time—comes the Hindenburg and the Queen Mary speeding across the Atlantic.

## OUR GIBRALTAR

Another decision by the Supreme Court of the United States on April 28 brought to the attention of the country once again that this tribunal is the only one of the three co-ordinate branches of the Federal Government that has NOT ABUSED ITS CONSTITUTIONAL FUNCTIONS.

In a decision upholding Secretary Wallace in his right to order reduced rates in the St. Joseph, Mo., stockyards case, Chief Justice Hughes uttered these significant words:

"Under our system there is no warrant for the view that the judicial power of a competent court can be circumscribed by any legislative arrangement designed to give effect to administrative action going beyond the limits of constitutional authority."

Mr. Hughes' remarks came under a sub-heading reading: "The scope of judicial review upon the issue of CONFISCATION."

This is plain warning to such extra-constitutional committees as the Black "anti-lobbying" committee and the Federal Communications Commission that there is, under our system, NO HIGHER AUTHORITY THAN THE COURTS.

In the march of Fascistic Communism in Washington, the Supreme Court, the Gibraltar of our liberties, remains UNSHAKEN.

For three years Congress has shamefully delegated its powers to Executive authority, while the Executive authority itself has attempted to usurp all functions, INCLUDING THE JUDICIAL, particularly when the President expressly advised Congress to pass a law whether it considered it constitutional or not.

Let the people of America today thank God for the UNMOVABLE INTEGRITY of the Supreme Court.

BRISTOL EASILY WINS  
MEET WITH NORRISTOWNHigh School Girls Score 58  
Points to 31 for Visiting  
Athletes

## TWO BREAK "RECORDS"

Mounting a total of 58 points, Bristol high school girls easily defeated Norristown high lassies yesterday afternoon, when a dual athletic meet was conducted on the Bristol high school field. The total for Norristown was 31 points.

Two of Bristol's fair young athletes easily outdistanced the record given in a well-known athletic book, which quotes the broad jump for high school girls at 8' 1". Yesterday Eleanor Patrick did 8' 4 1/2", and in a recent meet at Upper Darby her distance was 8' 5". Yesterday Betty Beswick also outdistanced the "record" noted, her distance being 8' 1 1/4", while at Upper Darby her distance had been 8' 1".

The results of the dual meet which Bristol entered into with Norristown, the Montgomery county champions, yesterday, follow:

Standing broad jump: 1st, Eleanor Patrick, Bristol, 8' 4 1/2"; 2nd, Betty Beswick, Bristol, 8' 1 1/4"; 3rd, Eckert, Bristol. High jump, three girls tying: Patrick and Yates, Bristol; and Radcliffe, Norristown, 4' 6". (Divided six and three points).

50-yard dash: 1st, Mary Ann Duffy, Bristol, 6.7; Alberta Larzelere, Bristol; Rainondi, Norristown.

Discus throw: 1st, Purnet, Norristown, 83' 5"; 2nd, Ruth Weller, Bristol; 3rd, Mary Monte, Bristol.

75-yard dash: 1st, Duffy, Bristol, 9.1; 2nd, Larzelere, Bristol; 3rd, Rainondi, Norristown.

Basketball throw: 1st, Martha Gibson, Bristol, 75' 3 1/2"; 2nd, Austerberry, Norristown; 3rd, McConnell, Norristown.

Running broad jump: 1st, Rainondi, Norristown, 14' 10"; 2nd, Catherine Colgan, Bristol; 3rd, Dewees, Norristown.

Baseball throw: 1st, Austerberry, Norristown, 167' 3 1/2"; 2nd, Lisezewska, Bristol; 3rd, Janice Jeffries, Bristol.

Shot put: 1st, Purnet, Norristown, 28' 7 1/2"; 2nd, Gibson, Bristol; 3rd, Schiele, Norristown.

Quarter-mile relay: Won by Bristol, 45.5 seconds, team composed of Duffy, Gibson, Larzelere, Yates.

## DOG CAUSES A CHASE

MORRISVILLE, May 7.—Mrs. Beatrice Temple was re-elected president of the Ladies' Auxiliary of the Capital View Fire Company at the annual meeting held in the fire house.

Other officers chosen are: first vice-president, Mrs. Leota Woolf; second vice-president, Mrs. Pamela Bell; secretary, Mrs. Elizabeth Young; treasurer, Mrs. Charlotte Margerum; trustees, Mrs. Ida Reed, Mrs. Anna Goulding and Mrs. Jane Beideman. The auxiliary planned for the monthly card party to be held in the fire house on May 26. Mrs. Elsie Newell is chairman.

That chief of police Albert Cooper will never make a dog catcher was clearly demonstrated Monday when the officer was unable to catch a prized water spaniel, which had gone into the home of Mrs. Gula White, 714 Crown street, and refused to leave. The chief chased the animal all through the house and when the canine sought refuge under a bed and snarled at the officer when he made an attempt to get him out, the officer gave up the task.

Max Bossman, Hamilton Township, dog catcher for Morrisville, was appealed to but it was not an easy job for Bossman either. Before he finally captured the dog, the spaniel had chased Bossman down the stair from the second floor. Finally he coaxed the animal down and then threw a snare around his neck.

The dog is owned by A. H. Rutledge, Mercersburg. The animal jumped out of its owner's automobile Sunday night when he stopped here for gasoline. Rutledge did not miss the dog until he reached Philadelphia and then he telephoned Chief Cooper and asked that he attempt to locate the animal. The chief learned that the dog had gone into the White home and it was then that he attempted to recover the dog for its owner.

As a part of its Americanization program, the American Legion Auxiliary.

## MAY ENROLL NOW

Young men between the ages of 17 and 28 are being given another opportunity to enroll in the CCC. The time limit has been extended until May 15th. Single young men whose families are on relief rolls, or whose families are large and have some one working on WPA are eligible. All offices of the Emergency Relief are authorized to take such applications including those in Bucks County located at Bristol, 305 Wood street; Doylestown Administration Building; Morrisville, Borough Hall; Quakertown, Fire House; Sellersville, Police Station.

## Two "Classified Rooters"

Two "rooters" for Courier classified advertisements are Mrs. Herman Silber and McCole's Radio Shop. Each placed an advertisement in the Courier columns on Tuesday, to be inserted for a few days. By the time the second insertion had appeared, each telephoned The Courier office, asking that the ads. be discontinued, as the articles had been quickly sold.

One had advertised an electric refrigerator for sale, and the other a gas range, which proves that all types of articles are in demand. These are only two of the hundreds who know the value of Courier classifieds in selling articles.

DISCUSS PLANS FOR  
BIG SCOUT CAMPFIRE"Uncle Dan" Beard To Be At  
Bowman's Hill On  
June 5th

## ARRANGE A PROGRAM

NEW HOPE, May 7.—Commodore Thomas B. Stockham, Morrisville, and Scout Executive William F. Livermore met with the Seascout Skippers of the Bucks County Scouting Council at historic Bowman's Hill on Saturday afternoon. Meeting with the older boy leaders were Washington Crossing Park Commission Superintendent Dr. John A. Flood, and representatives from the State Highway Patrol, Corporals William R. Engle, Doylestown, and R. D. Evans of the South Langhorne Sub-station.

It is expected that over 4,000 people will gather for the "Uncle Dan" Beard Camporee Campfire on Friday evening, June 5th, 8:15 p. m. (DST), at Bowman's Hill. The above men had gathered on Saturday to discuss the most effective manner in which to handle the crowd. It is to be the opening event of the full year of activities commemorating the founding of the Bucks County Scouting Council ten years ago on April 11, 1927. The development of plans for the Camporee is the responsibility of Chairman of the Activities Committee Thomas Ross, Doylestown, and Scouting Headquarters.

Neighboring Scout Councils have been invited. Acceptances have been received, stating a number of troops will be present from their areas. Invitations have been sent to the Scout Executives of the Philadelphia, Trenton Easton, Allentown, Bethlehem, Chester County, Burlington County, Delaware County and Montgomery County Councils. Some estimates have been made that at least five thousand people will attend to greet the National Boy Scout Commissioner, who is frequently known as "the Baden-Powell of American Scouting."

Corporals Engle and Evans of the State Highway Patrol made a careful survey of the traffic problem with Scout Executive Livermore. It was decided that all roads surrounding Bowman's Hill to the north would be closed, and one-way traffic will be permitted into the parking area. A large detail of State Highway Patrolmen will be made available to control the traffic.

Superintendent of the Commission Dr. Flood has agreed to have all of the grass cut on both sides of the southern highway leading to the tower. The lower right hand side of the tower road is going to contain the 100 patrols of scouts from all over Bucks County Council who will be sleeping over-night as active participants in the Camporee. Their tents will dot the lower hill side. The upper right hand side will be the natural amphitheatre for the seating of the audience. The entire left hand side of the tower road is going to be reserved for the 1500 cars, trucks, and buses that will be transporting the campers and visitors. Dr. Flood is arranging for log retaining fences to make better parking control.

Commodore Thomas B. Stockham is Traffic Director, and associated with him will be Skipper F. P. Kemmer, Sellersville, Director of Campfire Ushering; Skipper H. Harper Stockham, Morrisville, Director of Parking; and Mate Theodore Raudenbusch, Sellersville, Director of Unloading. Other Seascout Skippers and seascouts will be assigned to the above officers. Scout Executive William F. Livermore is organizing a corps of officials to serve as Directors and Judges of the various activities involved in the campfire and Camporee.

Sakima Burtis C. Tomlinson of Morrisville of the Ajapea Lodge of the Order of the Arrow, the Bucks County Chapter of the National Honor Campers Brotherhood of the Boy Scouts of America, was present and plans were made for the reception of "Uncle Dan" by the members of the Order. Commissioner Beard is a National Honor Member of the campers brotherhood.

## Zeppelin Over Atlantic

Aboard the German Zeppelin Hindenburg, May 7.—Heading out to sea on its first flight to the United States, the mammoth German dirigible, Hindenburg, today passed over Bishop's Rock in the Scilly Islands, southwest of Land's End, England.

Speeding out over the Atlantic with 51 passengers in the first commercial aerial venture between the Old World and the United States, the German airship soared over Bishop's Rock at 2:52 a. m. eastern daylight time. At this stage of the flight, Dr. Hugo Eckener, veteran zeppelin commander, who is personally directing it, received weather reports and headed the Hindenburg in the direction of the Azores.

At 11:01 a. m., eastern daylight time, the Von Hindenburg flew over the Scilly Island channels and at 12:18 a. m., eastern daylight time, the huge craft passed south of Cape Lizard, on the British southern coast. At this point the dirigible sent out a radio message stating: "All well. Position four miles south of Cape Lizard."

This message also stated the zeppelin at this point had renewed the speed to about 70 miles per hour.

At 8:40 a. m., Central European time (3:40 a. m. eastern daylight time), the great 840-foot long zeppelin, the world's largest, was cruising south of the Irish coast at an altitude of about 2,500 feet.

The weather was sunny and the passengers were enthusiastic about this maiden North Atlantic voyage, which was being made at the rate of more than 85 miles an hour, the pace maintained constantly since leaving the coast of Holland.

## Campbell and Coker Caught

Cleveland, Ohio, May 7.—The capture of Harry Campbell and Sam Coker, "clearing up the major angle of the Bremer kidnapping case and the last remnants of the Karpis-Barker gang," was announced here today by J. Edgar Hoover, Chief of the Department of Investigation.

Both men were captured by a heavy force of G-men, personally led by Hoover.

Just as in the seizure of Alvin Karpis, the leader of the gang, in New Orleans last Friday night, Campbell and Coker were caught without the firing of a shot, the G-man chief revealed.

LEGION vs. ODD FELLOWS  
(Leedom's Field)

By T. M. Juno

St. Ann's A. A. and the Jefferson A. C. scored one-run victories in the Bristol Twilight League last evening. On Leedom's field, Jefferson nosed out the Excelsior Colored Club, 4-3, while at Tullytown, the Saints took the measure of the firemen, 2-1.

It took the St. Ann's team but one hit to beat the Tullytowners. This came in the first session when the Wood street boys pushed over both of their tallies. DiTanna, the first batter of the game, worked Green for a pass. Why no sacrifice hit to second. Manzo singled to left, scoring DiTanna and taking second on the throw-in. Manzo went to third on a passed ball and scored on DiTanna's fly to center.

From then on Green was master, fanning six and issuing but two passes which were scattered. After the first frame, Spike Scordia pitched good ball for the winning combination. He was in hot water in the first when the first five batters reached first safely but force plays and fast fielding came to his aid and only one run crossed.

On Leedom's field, Dave Ennis had easy sailing for six frames when he held the colored boys to a lone run without a hit. But he ran into a snag in the final frame. Earl Spencer opened with a hit over third. Bragg batted a single to right. The bases were loaded when Ennis bobbled on A. Spencer's tap to him. Darrah fled to right, E. Spencer scoring. On an attempted double-steal, Bragg scored the second run of the inning but A. Spencer went out at second. Ennis then proceeded to hit both Long and Dougherty with pitched balls but Long tried to steal third and was nipped.

The winning run for the Mules was produced in the sixth when with two

LANGHORNE, May 7.—The second annual hobby show of the Langhorne-Middletown schools was held Tuesday afternoon, and netted over 170 entries, ranging from a small hand-painted turtle to a large Ann Rutledge doll. School closed at 12, after which the exhibits were judged. Members of the faculty of the schools served as judges over all exhibits except the stamps and coins which were judged by the Rev. Walter F. Humphrey, pastor of Langhorne M. E. Church. At two o'clock the high school building was opened to the school children, who viewed the exhibits, stopping longest at the scrap book and collection exhibits, with the dolls and pets running a close second.

The stage being built by the Marionette Club was installed on the assembly platform, along with marionettes in various stages of construction; hundreds of paper match covers were mounted on cardboard, originating from points all over the United States; scrap books covering all possible topics showing much original work were shown; and a collection of samples was exhibited, with the addition of many new ones since last year.

The hobby show was opened for inspection by the parents at the Parent-Teacher Association meeting Tuesday night. The Marionette Club, sponsored by Miss Georgiana Staehle, rendered a performance with the use of hand puppets. Grace Whipp and Selma Simon conducted the play.

An unscheduled event occurred when a hen, exhibited by Albert Tomlinson, laid an egg at the pet show exhibit, which seemed to prove that her working hours were going on as usual. The exhibit won a second prize for bantam chickens.

The winners of the hobby show are as follows:

Stamps: grades one to six; first, Richard Prutchey; second, Bobby Hitchener; grades 7 to 8, first, Mary Pickering; second, J. Thompson Prutchey; third, Melva Pickett; high school, first, Robert Hastings; second, Albert Kieger.

Coins: first, George Raven; second, Robert Fabian; third, Robert Flack. Scrap books and collections, grades one to three, first, Walter Squires, scrap book; second, Van Feheroff, shells and marine animals; third, Bobby Holland, toy automobile; grades five and six, first, Jacquelyn Secules, gems and stones; second, Wayne Cloud, wild flowers; third, Norma Carter, scrap book; grades seven, eight and nine, first, Mary Pellegrino, scrap book; second, Frances Fawcett, collection and scrap book; third, George Raven, match covers; grades ten, eleven and twelve, first, Erna Bodenshatz, scrap book; second, Pearl Shemeley, scrap book; third, Jane Boal, scrap book.

### GROUP MUSIC

One of the strangest phenomena of American life is our comparative neglect of amateur group music. We stem from many peoples, all of them musical. In Europe there is scarcely a town that does not possess its chorus, or its band, or both, of which it is proud. The members sing and play not for pecuniary profit, but for their own pleasure, and that which they can give others in their public appearances.

A close study of our own country would reveal many such organizations, led by enthusiasts, but hidden and obscure. There are thousands of church choirs, thousands of school clubs, thousands of small associations whose existence is taken for granted, and whose public appearances too often escape mention.

Recently some of our great industries have come to a realization that in this shy, buried love of music lies an asset which can be developed for the good of their own organizations and for the benefit of the public. America witnessed last Sunday what can be accomplished by the industrial guiding hand, when a General Motors chorus of 1,200 employees sang a program at Flint which was broadcast over two nations. The Chrysler chorus, similarly organized, has won equal praise.

Such fostering of a native love of music and its performance by groups which can only be brought together by outside stimulation can have remarkable results. Too long have Americans been merely audiences; too long have they neglected a rich opportunity for culture, for enjoyment of our own latent abilities, and for giving pleasure to others. High praise is to be accorded the far-sighted men who have encouraged a movement so generally beneficial to their employees and to the country at large.

### "GREENISH MUSH"

Mrs. Dionne objects to the "greenish mush" Dr. Dufoe is feeding her quintuplets. She wants them to have soups, mashed potatoes, gravy, cooked vegetables and "lots of milk." Dr. Dufoe explains that the "greenish mush" is mashed fresh fruit and oatmeal.

We firmly believe that in the case of the quintuplets, science knows best; that the girls never would have survived but for Dr. Dufoe's knowledge of how to save them. Therefore we suggest to the mother that she let the doctor go on with his "greenish mush" program until the babes are past the stage of dangerous childhood afflictions, in the hope that then she can take her place as mother and protector.

It seems idle to buy a current magazine, when next month's issue—as described in the advance notices—is to be in every way superior.

## FLUSH OUT 15 MILES OF KIDNEY TUBES

Medical authorities agree that your kidneys contain 15 miles of tiny tubes or filters which help to purify the blood and keep you healthy.

If you have trouble with too frequent bladder passages with scanty amount causing burning and discomfort, the 15 miles of kidney tubes may need flushing out. This danger signal may be the beginning of nagging backache, leg pains, loss of pep and energy, getting up nights, swelling, puffiness under the eyes, headaches and dizziness.

If kidneys don't empty 2 pints a day and so get rid of more than 3 pounds of waste, poisonous matter may develop, causing serious trouble. Don't wait. Ask your druggist for Doan's Pills, which have been used successfully by millions of people for over 40 years. They give happy relief and will help to flush out the 15 miles of kidney tubes. Get Doan's Pills at your druggist.

## Good News for Asthma and Hay Fever Victims

Years of research by a prominent Medical Doctor brings results in the treatment for the relief of the symptoms of asthma and hay fever. No more powder to burn, no more injections, no vaccines to use. Just a simple vapor to inhale, so easy a child may use it. This solution restores to the body the necessary secretions to maintain health after the glands are no longer active. Simply squeeze the bulb and inhale a few times each day. The patented vaporizer sends a very fine mist or fog of the medication directly into the lungs and relief follows shortly. Don't suffer any longer. Ask your druggist to explain and give you a free trial treatment today. It is guaranteed to give relief and sold exclusively by Hoffman Cut Rate Drug Store.—(Advertisement).

## Germany Key Figure In European Affairs

Continued from Page One

ed that Germany intends really to carry out the Nazi program of bringing all the German speaking peoples of Europe into the Reich.

That would mean as a beginning the annexation of Austria, the German strip of Czechoslovakia, Upper Silesia, and the Polish corridor, Nemel and Schleswig in Denmark. After that, or along with that, France believes, will come the German push for colonies, not necessarily in Africa, but in Europe

itself, for France is sure that Germany regards the Soviet Union as a land to colonize.

To the second question Germany replies that she will sign pacts of non-aggression individually with each neighboring nation but refuses to sign pacts of mutual assistance. This, declares France, is proof positive of Germany's aggressive designs.

Germany, asserts France, is playing a game too transparent to fool anybody. She wants to sign with each individual state a mutual promise not to attack. Then when Germany is ready to invade one particular state all the others will have to stand idly by and watch because they have promised Germany not to attack her.

To the third and crucial question Germany has made no reply save to say she would limit her fortifications to the same degree France limits hers. France has spent a national fortune on her magnet line of steel. Germany's reply means "tear that down and we won't fortify." No French government could propose to tear it down and live thirty minutes. Germans retort that in that case no German government could fail to build fortifications and retain the support of its people.

So Germany must build. And France regards the German fortifications as the last, best proof that Germany means war. Not war at once upon France, but war upon France's allies, east and south.

These allies are Poland, the Soviet Union, Czechoslovakia, Yugoslavia, and Roumania. France believes she needs them all. She remembers the last war when Germany for four years battled the world and came within an ace of winning.

France sees the German fortifications as a wall to divide her permanently from her friends. Protected by that wall against French assault, Germany could go ahead and pick off one by one France's allies, while if Germany's proposals for bilateral non-aggression pacts were accepted, the other nations would be compelled merely to observe each little "localized war."

This is the French view. The favorite French solution is an open military alliance with Britain. Britain can not give it. Her government might wish to but her public would rebel. The second French solution is to put teeth into the League Covenant and establish an international army to enforce peace.

This is a roundabout way to bring Britain in by the back door. Either way would give France with her other allies the military preponderance she feels she needs against Nazi Germany. Neither French solution is likely to be realized.

Germany views the whole of French activity as a conspiracy to bind the Reich forever within its present frontiers, contrary to the dynamics of the German people, contrary to justice, to destiny and to common sense. No power on earth can deprive the Germans of their desire to expand, though sufficient power might be accumulated to prevent it.

"Why prevent it?" asks the Germans. "Don't you realize," they exclaim, "that unless we push eastward and do it fast and hard, the continent is going to come under Slavic domination and that means Bolshevism?"

True enough, Friedrich Burgdorfer, eminent German vital statistician, points out that in 1810 Europe had thirty-four per cent Slavs and the rest equally divided between Latins and Teutons, meaning Germans, English, Dutch and Scandinavians. By 1910 the Slavs had forty-one per cent; by 1930 they had forty-five per cent and by 1950 they will have a little over fifty per cent of the total population of Europe or 303,000,000 out of 600,000,000.

This does not impress Britain, accustomed to rule with the smallest army the greatest empire in history. But Britain views the Franco-German conflict as unfortunate to the point of gravity and grave to the point of alarm. This home of classically phlegmatic statesmen was acutely anxious when Hitler reoccupied the Rhineland. British anxiety is less to-

day because the danger of immediate war has blown over for the moment, but the acute has become a chronic fear.

Hence Britain tries to build a peace system to harmonize French and German desires. But how can the French desire to keep every boundary in Europe intact be reconciled with the German desire to change these boundaries? The British dodge this issue by feeding both sides.

They fed the French with "stiff talks," wherein the French, Belgian and British General Staffs discussed the technical ways to co-operate against a German attack. These talks are important because they establish a binding connection despite British denials that this is so. But they are beside the point because they deal with a hypothetical German attack on France or Belgium, whereas the only German attack feared is upon the east.

Britain is willing to guarantee France and Belgium against Germany, because if not now then very soon

Germany will be stronger than France and Belgium, and Britain has never given up her faith in the balance of power. That faith makes her automatically support the weaker side. But Britain refuses to guarantee any other nation and particularly not the Soviet Union. Britain is unimpressed by Slavic numbers, but is much impressed by Soviet growth in industry and armaments. How can Britain tell whether the time may not come when the Soviet Union will be the strongest power on the continent?

But France wants more than British support against frontal attack. She wants British support in case she has

to go to the aid of any of her allies, feeding Germany with talk of lending "If you give me that," France says, "Germany will never attack anybody." "She won't attack if you feed her," says Britain. So the British are now thus abate her irritation.

# ATTENTION FORD, PLYMOUTH, CHEVROLET OWNERS!

**10,391  
MOTORISTS  
TOLD US:**  
"I average 16.2 miles per gallon from any of the other regular gasolines I've tried."

**CERTIFIED ROAD TESTS PROVE:**  
"Plymouths, Fords and Chevrolets using Richfield Hi-Octane Gasoline can average 21.9 miles per gallon!"

**THRIFTY MOTORISTS CAN  
SAVE \$24.48 A YEAR!**

If you drive a Ford, Chevrolet or Plymouth here are some facts that will open your eyes—and put money in your pocket! We talked to 10,391 motorists in this and neighboring states. We asked them just two questions: "What gasoline are you using now?" "How many miles do you average per gallon?" Those 10,391 drivers told us they average 16.2 miles to the gallon. They felt they should get more mileage, but the gasolines they were using wouldn't give it to them.

### SO WE MADE THIS TEST:

We went to a certified public accountant. He came with us as we filled the tanks of stock Fords, Plymouths and Chevrolets with regular-priced Richfield Hi-Octane Gasoline, bought at a regular Richfield station. He checked the tests made with these cars under ordinary road conditions. And you have his certified proof that they averaged 21.9 miles per gallon!

### SEE WHAT YOU SAVE!

Compare Richfield Hi-Octane average of 21.9 miles per gallon with the 16.2 miles you average from other gasolines and figure it out for yourself. Say you drive your Ford, Plymouth or Chevrolet an average of 8,500 miles a year. Using other gasolines, you'd need 524 gallons during the year. Using Richfield you'd need only 388 gallons—a difference of 136 gallons. Take 18c a gallon (including tax) as the average price for gasoline during the past six months and figure the dollars-and-cents difference. If you agree that \$24.48 a year is worth saving, test Richfield Hi-Octane in your car today! Prove to yourself that Richfield in your tank puts cash savings in your pocket!

TO WHOM IT MAY CONCERN:  
I HEREBY CERTIFY THAT I have supervised mileage tests on Richfield Hi-Octane Gasoline. These tests involved the use of Richfield Hi-Octane new stock cars—Ford, Chevrolet and Plymouth. The results of these tests show that the average mileage per gallon obtained by these cars from Richfield Hi-Octane was twenty-one and nine-tenths (21.9) miles.

Yours very truly,

### FUEL SAVING FACTS ABOUT RICHFIELD

1. Richfield Hi-Octane contains more potential power per gallon.
2. It was developed especially for modern high-compression motors.
3. Richfield "flashes" faster—saves on every "cold" start.
4. No gasoline at its price has a higher octane (anti-knock) rating.
5. Richfield exceeds the highest U. S. Government specifications for "emergency" fuel.

### BIGGER SAVINGS FOR BIG CAR OWNERS!

It stands to reason that Richfield's extra mileage means extra savings for big car owners. Fire departments, taxicab and trucking companies know that. It's the dollars-and-cents reason why they use Richfield Hi-Octane!

The addresses were given by Mrs. Paul Fines, Eastern Director of the American Legion Auxiliary, and Mrs. O. D. Oliphant, Trenton, N. J., past national president of the organization. Mrs. Fines spoke on "Americanism," and Mrs. Oliphant on "National Defense."

During the meeting M. R. Reiter, supervising principal, presented a gold medal to Miss Flora Peterson, of the high school for winning the essay contest conducted by the American Legion. The medal was a gift from the local Post. Miss Elizabeth Cordwell won honorable mention in the contest.

Nearly 200 delegates representing the American Legion auxiliaries all over Bucks and Montgomery counties will meet here today when they will be entertained by the Morrisville auxiliary. The meeting will be held in the Sunday School room of the Presbyterian Church, and the luncheon will be served by the Ladies' Aid Society of the church.

Mrs. Fred Jones, Buffalo, N. Y., week-ended with her mother, Mrs. S. Koshman, Hayes street.

Cooper, thence along said Cooper's lot North seventy degrees and one-quarter East, thirty-five feet two inches, thence in a line parallel with Bath Street, one foot six inches, to the middle of an alley; thence at right angles with the aforesaid line, North seventy degrees and one-quarter East, ninety-three feet six inches to a stone in the line of land now or late of the Estate of Henry M. Wright, deceased, thence by said Wright's land, South nineteen degrees and three-quarters East, sixteen feet to the corner of said land now or late of Rebecca Butler, thence by the same South seventy degrees and one-quarter West, one hundred twenty-eight feet and eight inches to the place of beginning.

Tract No. 2—BEGINNING on the Northerly side of Bath Street Eastwardly to the land of the Estate of Henry M. Wright, deceased, and between lands of the said Rebecca Butler and Mary Closson (late John Wright) for the use of said lands at a point one hundred and seventeen feet eight inches from Bath Street;

thence Northwardly parallel with Bath Street, other land of said Rebecca Butler, thirty-five feet to land of Catherine Wilkinson (late of A. J. Hibbs), thence by the same at right angles with Bath Street, eleven feet Eastwardly to land of the Estate of Henry M. Wright, thence by the same Southwardly parallel with Bath Street, thirty-five feet to the alley aforesaid, and thence by the same at right angles with the said street Westwardly, eleven feet to the place of beginning.

Tract No. 1—Subject, nevertheless, to the free and uninterrupted enjoyment forever for the purpose of ingress and egress by the owners and occupiers of the adjoining property of the alleyway over the above described premises, extending back from Bath Street the distance of thirty-five feet two inches and adjoining the property now or late of Joseph H. Cooper.

Tract No. 2—ALSO UNDER AND SUBJECT, NEVERTHELESS, to the free and uninterrupted use, liberty and privilege to the owners and occupiers of the respective adjoining premises, of and along a certain alley or passage, bounded and described as follows:

BEGINNING on the Northerly side of a public alley running from the Easterly side of Bath Street, Easterly to land of the estate of Henry M. Wright, deceased, and between lands of the said Rebecca Butler and Mary Closson, late John Wright, for the use of said lands at a point one hundred and seventeen feet eight inches from Bath Street, thence North nineteen degrees forty-five minutes West, thirty-five feet to a point in land of Frank C. King, about to be conveyed unto Patrick Green, thence by the same South seventy degrees fifteen minutes West, three feet to a point, thence still by the same North nineteen degrees forty-five minutes West, sixteen feet to a point in land of Joseph Cooper, thence by the same North seventy degrees fifteen minutes East, fourteen feet to an angle, thence South nineteen degrees forty-five minutes East, fifty-two feet to the said public alley, leading from Bath Street, thence along the same South seventy degrees fifteen minutes West, eleven feet to the place of beginning. Said alley or right-of-way to be kept free and open for the use of all adjoining property owners, their heirs and assigns, tenants and under-tenants forever hereafter.

The improvements are a 2½ story brick and shingle covered house 16 x 30 feet with a two-story frame end attached 16 x 27 feet, with a one-story frame shed attached 6 x 16 feet containing together four rooms on the first floor and four rooms and bath on the second floor.

Seized and taken in execution as the property of Patrick Green and Marguerite Green, his wife, mortgagors, real owners and tenants in possession of the land charged, and to be sold by HORACE E. GWINNER, Sheriff.

## THIS POLICY INSURES YOU AGAINST BAKING FAILURES!

With CERESOTA NOT BLEACHED FLOUR!

LADIES! Accept this amazing guarantee: Every bag of Ceresota Not-Bleached Flour is now backed up by a written insurance policy... which means that if you have any baking failure, you will be refunded, through the famous Liberty Mutual Insurance Company, the cost of the bag of Ceresota, plus cost of all other ingredients! (Ask your grocer for complete details.)

But, of course, we feel sure you won't have a failure, because Ceresota is a real "Never-Fail" Flour! Because it is Not-Bleached—because it is always uniform. Get a bag today!

AND EVERYTHING I BAKE IS SO MUCH MORE DELICIOUS WITH CERESOTA

From your own experience you know that concrete is the safest road. Its even surface makes driving easier, reduces nervous strain and results in better car control. Its gritty texture improves traction and braking, resists skidding, wet or dry. Because of its flat "crown" drivers don't tend to ride the center of the road—passing is safer. Concrete makes night driving safer. Its light-grey surface reflects more light, helps you see better. Illuminates obstacles and pedestrians. Sharply defines the edges and helps you stay on the road.

Highway officials are striving to reduce traffic accidents. Urge them to pave with concrete and secure for your community the safest as well as most economical pavement money can buy. You can benefit by your active interest as many others have done.

### MOTHER'S DAY TEA SUGGESTED BY MRS. EDNA RIGGS CRABTREE

Dear Friends in Bristol:

Next Sunday is Mother's day. Mothers never relish any great expenditure of money but they do thoroughly enjoy all the loving attention that can be bestowed on them. Possibly a very happy suggestion for the day would be a tea, inviting all of mother's old friends and letting them visit through the afternoon. The daughters and younger friends can pour tea, pass sandwiches and extend all the hospitality possible to the mothers and grandmothers.

Most of mother's friends could be called on the phone but to make the affair more of a party you could send small visiting cards by mail. The cards are inexpensive and are written by hand. The best wording possibly would be:

At Home  
Miss (or Mrs.) .....  
To Meet  
Sunday ..... May 10th  
3 to 5 ..... (Address)

Send out the invitations the first part of the week so as to assure all of Mother's friends calling on that day.

### The Tea Table

Of course, the next consideration is the table. Make it just as dainty and pretty as you can. Use either carnations or roses for the center piece with pink, cream or green tapers in candle sticks. Use a lace cloth if possible, or lace mats on the table.

If you are well acquainted with the friends of mother's who are calling, it would be a thoughtful suggestion to give each one either a red or white flower for their dresses. These might be made into boutonniere quite easily by placing a bit of maiden-hair fern at the back and tying them with a narrow metal ribbon. If flowers are not plentiful, give them some memento of the occasion which can be placed on their tea plate when serving.

**MONEY DONATED BY**  
8 'N' 40 SOCIETY TO  
PA. ORGANIZATION

With Mrs. Benjamin Ahart presiding, members of Bucks County Salon, 8 'N' 40 Society, met in the Bracken Post home, last evening, for the May session.

The Salon voted to donate \$2 to the May Day fund of the 8 'N' 40, and also \$5 to the general fund of the state organization. A card party was arranged for May 25th at the Memorial House, Langhorne. The June meeting, on the third instant, will occur at the home of Mrs. Gilbert Bonnell, Langhorne.

Refreshments were served by Miss Emily Bracken.

remove the soft centers. Butter well, then toast. Line with lettuce leaf and fill with chicken salad.

**Nut Bread Sandwiches:** Use two slices of nut bread and one slice of white bread. Use chopped ham for the filling. Cut into small squares.

**Cheese-Olive Sandwiches:** Mix one cream cheese with an equal amount of chopped celery and olives. Moisten with mayonnaise dressing. Spread between thin slices of rye bread.

**Piquant Liver Sandwiches:** Mash six slices of liver sausage with four hard cooked eggs, chopped fine. Then mix with one-half teaspoon mustard, one-half cup chopped boiled ham, six sweet pickles, chopped and enough French dressing to moisten. Spread between thin slices of buttered bread.

**Sardine Butter Sandwiches:** Remove the bones from one large can of sardines. Mix with four tablespoons softened butter and one tablespoon lemon juice. Mix to a fine paste. Spread between thin slices of bread.

**Chocolate Nut Cookies:** One-fourth cup shortening, one-half cup sugar, two tablespoons grated chocolate, one tablespoon sugar, one tablespoon boiling water, one egg, one cup finely chopped nut meats, one cup flour and one teaspoon baking powder.

Blend the sugar and shortening. Melt chocolate, add the one tablespoon sugar and water and cook one minute. Add chocolate mixture to shortening mixture. Sift together the dry ingredients and add to first mixture. Chill, roll very thin and cut with tiny fancy cookie cutters. Bake in an oven of 325 degrees F. for 8 to 10 minutes.

**Sour Cream Cookies:** Three-fourths cup shortening, three-fourths

cup dark brown sugar, three-fourths cup molasses, two eggs, three-fourths cup sour cream, one tablespoon soda, two teaspoons baking powder, one tablespoon salt, two teaspoons ginger, flour to make a soft dough.

Cream the shortening and sugar, add molasses, eggs and sour cream. Sift together the soda, baking powder, salt, ginger and flour. Add to the

shortening mixture. Chill thoroughly, then roll to one-fourth inch thickness. Shape with a small round cutter. Bake on a well-greased sheet in an oven of 325 degrees F.

## JIMMY TYGH DECISIVELY DEFEATS HERBERT SMITH IN CROYDON WIND-UP; SMITH BEWILDERED IN THREE ROUNDS

By T. M. Jono  
CROYDON, May 7—Jimmy Tygh, shifty little youngster, representing the Charley Daggart Boxing Club, convinced the boxing fans of this vicinity that he is the master of fighters in the bantamweight and featherweight classes last night in the arena here by decisively triumphing Herbert Smith, of the Broadwood Club, in the wind-up of a ten-star bouts show.

Tygh, who is holder of the 118-pound diadem, fought Smith, recent champion of the bantamweight division and at the end there was no question as to the outcome of the bout as the Daggart fighter was in the lead from the start. His left jab and continual one-two's had Smith bewildered in the three rounds.

When Smith would try to lead he was met with a volley of lefts and rights and when Tygh led his cramped style prevented Smith from landing solid blows. At the close of the first session, Smith was staggered with a left hook. Smith also was groggy towards the middle of the final frame but managed to rally and with a left jab to Tygh's nose brought the flow of the claret. Tygh landed quite a few hard blows before the end of the second round which stopped Smith for the moment but the Broadwood warrior was game and always kept tearing in to try to trap Tygh into some infighting.

Chet Castor, Bristol's hope to the 112 lb. championship, lost a close decision to George Kinslow, Nativty. Kinslow's verdict was received with a chorus of boos from the fans who thought that Castor's infighting had earned him the triumph. The boys will be rematched in the next show, according to the ring-side announcement.

After a furious mix-up in the first, Castor's right found its mark on Kinslow's jaw. But the 112-lb. runner-up came back and sunk his left in Castor's stomach twice without getting a comeback. Castor made an attempt with a hay-maker towards the finish of the round and missed and before he could regain his equilibrium was pounded with a Kinslow right which hurt.

A nice upcut by the Bristol boy found its mark in the second and Kinslow took to holding on. It was only for the moment, however, for the Nativty fighter came back strong to carry the round. Both boys did plenty of fast fighting in the final round and his opponent landing the harder socks.

It didn't take long for Leo Neary, of the Kensington team to knock-out Peter Tallarido, Mason, Tallarido went down for two counts of nine before the Referee, Eddie Morris, decided that he had enough and stopped the goings. The bout between Larry Palmer, Nativty, and John Gibson, Mason, was even shorter. The Mason fighter, a lanky sort of a chap, couldn't stand a short right to the stomach, the first blow of the bout, and stood down for the full count.

In the other knockout of the night, Eddie Miller, Kensington, staggered Walter Markoski, Sun Village, in the first round, floored him for the count of nine in the second, and then put the finishing touches in the third round. A towel from Markoski's corner thrown into the ring, signalled the end of the bout.

Squire Williams, Wharton, may just as well make up his mind that he must knock-out his man to win a bout. For the second consecutive week, Williams appeared to have a large edge over his opponent but again the verdict was given to his foe. This time the receiver of the gift was James Riddle, Sun Village.

The bobbing and weaving of that jumping-jack, Albert Pierce, Wharton, must have upset Harry Devlin, Daggart, for the Daggart boxer was not himself in his bout with the colored youth. Devlin did very little fighting the first round. He carried the second round easily by doing the leading and keeping on Pierce at all times. However, Pierce won the third round, having a knock-down to his credit and the decision.

A cut-eye in the first round failed to stop Fred Aspero, Neighborhood, from taking the nod from James Generale, Daggart. Generale was the victim of too many upper-cuts and was holding on towards the finish of the bout. Aspero completely outclassed "Snazles."

Johnny Forte, Mason, was a human punching bag for Sid Lincoln, Sun Village. Lincoln had a much longer reach than the South Philadelphia boy and used this to a good advantage. He won the entire three rounds by a large margin, the Mason fighter being no match for his opponent.

A return match should be arranged between Clarence Brown, Sun Village, and Joseph Ferraro, Neighborhood. Ferraro came back after being floored in the first and took the final two rounds with enough points to gain the decision. He had the colored youth in a bad way at the close of the bout but if one of those wild rights of Brown

### AMATEUR BOXING Results of Last Night

120 lb. class—James Tygh, Daggart, won the three round decision over Herbert Smith, Broadwood A. C.

165 lb. class—Eddie Miller, Kensington, stopped Walter Markoski, Sun Village, in the third round.

128 lb. class—James Riddle, Sun Village, won over Squire Williams, Wharton Settlement, in three rounds.

112 lb. class—Sidney Lincoln, Sun Village, won the three round decision over Johnny Forte, Mason A. C.

147 lb. class—Clarence Brown, Sun Village, lost to Joseph Ferraro, Neighborhood, in three rounds.

165 lb. class—Larry Palmer, Nativty, kayoed John Gibson, Mason, in the first round.

135 lb. class—Harry Devlin, Daggart, lost to Albert Pierce, Wharton, in three rounds.

112 lb. class—George Kinslow, Nativty, beat Chester Castor, unattached, in three rounds.

147 lb. class—Fred Aspero, Neighborhood, took the decision from James Generale, Daggart, in 3 rounds.

112 lb. class—Leo Neary, Kensington, scored a technical knock-out over Peter Tallarido, Mason, in the first round.

had connected, Ferraro would certainly have taken another trip to the canvas.

The night's tabulation showed: Kensington, two victories; Neighborhood, two victories; Sun Village, Chester, two victories; two defeats; Daggart, one win, two losses; Wharton, one win and one loss; Mason, three losses; and Broadwood, a defeat.

Officials were: Referee, Eddie Miller; timekeeper, Ethan A. Lang; judges, James McGinley and James McGurk; announcer, James Tygh; and physician, Dr. Joseph Levy.

### PURNELL IS NEW "FIND" OF ST. ANN'S BOXERS

Another "find" has joined the St. Ann's boxing team. He is Sylvester Purnell, of Lahaska. This colored youth has been training in the St. Ann's gym for the past three weeks and will make his bow to the local fans next Monday night when the St. Ann's A. A. conducts another of its wonderful boxing shows in the Italian Mutual Aid arena.

Purnell was born in Bristol but after his parents died was taken to the Bucks County Orphans' Society in Doylestown. He was reared in this institution and now makes his home in Lahaska and is employed on a WPA project. He weighs in the vicinity of 155 pounds and is 24 years of age.

Purnell has amazed the St. Ann's followers by his skill with the mitts and many predict that he is another Harry Davis. He has a hard sock and already has set his goal for a shot at the crown held by Joe Sankey. For his opener, Match-maker Patsey Moffo has signed Purnell with Harry McCall, a colored youth, from the East-Side club.

With a record of four straight wins to his credit, Tony Maglione, will face another stiff opponent in Carmen Volio, Seymour. Volio has beaten several Bristolians including Hockey Leighton in a return bout. Maglione now seeks revenge for the Bristolians and is confident that Volio will be his fifth straight victim.

Match-maker Moffo is having his trouble now-a-days seeking bouts for Bristol boys. He has a string of twenty-five fighters and all want to appear in the final indoor bouts. Five fighters: Jimmy DePinto, Al Marchetti, Andrew Monachello, Purnell, Frank Rubino and James Redman, signed their A. A. U. cards last night and are ready for action. Monachello was the Bristol youth who won a C. C. C. championship last year. Redman is a hard-hitting boy from Yardley. Al Horn, whose bout with Johnny Inocelli was called off in the last bouts, may be matched this show. Horn is from Newtown.

Tickets are selling very fast, according to finance-manager Charles Aita and all indications point to another sell-out. In the last bouts, St. Ann's, had the largest sale since the opening of the indoor shows.

At the same time, Aita is taking reservations for the opening outdoor show which will take place in the remodelled St. Ann's arena, Wood street.

Mrs. Samuel Connare has returned to Hayes street after spending two weeks in Buffalo, N. Y., visiting her brother-in-law and sister, Mr. and Mrs. Fred Jones.

## MacKENZIE TO MAKE BID IN LANGHORNE RACE

LANGHORNE, May 7—Fighting for the lead in the 1936 Eastern states AAA title race, Doc Mackenzie, 1935 champion, will make his next bid for a safe margin of championship points at Langhorne Speedway on Sunday, May 17, where victory will practically assure him of the diadem.

Whipped badly in the Reading inaugural auto race on April 26 when he crashed his car through a fence, Mackenzie struck back at his opponents at Hoboken, N. J., on Sunday, and accumulated nearly enough points to regain the lead. Vern Orenduff, lanky Florida driver who took first money at Reading is now in first position, leading by only a few points.

Mackenzie's threat to recover the lead in the championship race completely upsets dopesters' predictions. The Cragar car he drove to championship honors last year has been considered too slow to turn back the half score of new Miller machines that are being campaigned in the East this season. If he scores a victory at Langhorne May 17 over the mile route where he is to meet the fastest collection of drivers and cars that has ever assembled on the historic course, he will have definitely established first claim on the 1936 crown.

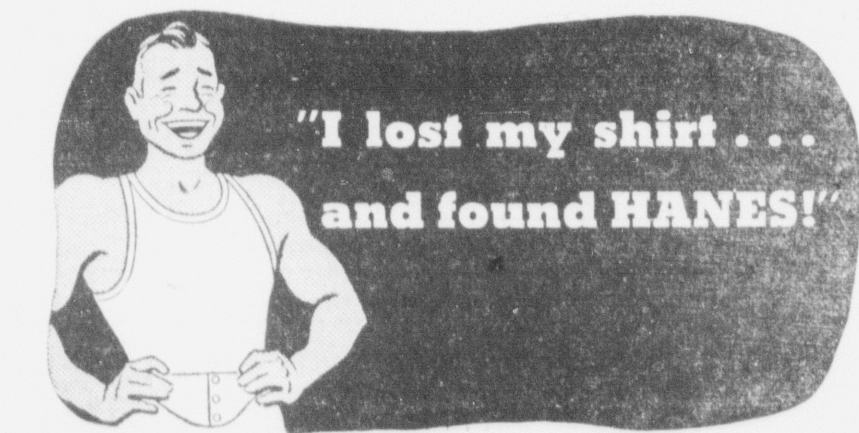

In 1934 Mackenzie established the present mile record of 36 seconds for Langhorne, a speed of exactly 100 miles per hour, but the mark was set in a Miller machine owned by Gil Pirrung of St. Louis and not in the Cragar which Mackenzie now drives. It is very likely that this Miller machine will be one of the cars that Mackenzie will have running against him May 17.

Orenduff's Miller, owned by Sex Perriman of Clifton, N. J., was driven by Billy Winn to a new half mile world's record at Richmond, Va., last fall and is considered equal to the great machines which Chet Gardner, Manri Rose, Tommy Hinnershitz, Bob Sall, Floyd Davis and Ken Fowler will have on the starting line.

### DAMP WASH JUNIORS WIN

The first of a series of baseball games for the juvenile championship of the first ward was played Tuesday on Leedom's field with the Damp Wash Juniors defeating the First Ward Tigers by the score of 8-7. The pitching of Jackie Strott for the Laundry lads was the feature of the game, only allowing two hits. Errors by Glazer and Strott were responsible for the runs scored by the Tigers. Buddy Lynn and Bud Nichols starred with the willow, getting two hits each.

"I could kick myself when I think how I used to shell out for an undershirt... Paying fancy prices, because I thought they wouldn't be comfortable—thought they wouldn't wear—unless I threw the bank-roll for a terrific loss. But like a lot of others, I lost my shirt in the late depression. And that's how I found HANES. I had to cut down expenses, so I started buying HANES for thirty-five and

fifty cents apiece. And I want to say—you never had a sweeter shirt on your back! They're light. They're cool. And HANES knits them with plenty of snap so they hug right up to your skin as comfortable as you'd want. And look how long a HANES Shirt is. You can tuck it way down in your shorts so it won't creep up at your waist. Sure... I lost my shirt. But I've got some sense in my head and some cents in my pocket today!"

## Al Bisignano Is Loser To Yvon Robert

TRENTON, N. J., May 7—Yvon Robert was given a lesson in the fine art of wrestling last night at the Arena by Al Bisignano, but managed to come through with a victory.

Robert was declared the winner when Bisignano was unable to continue following the initial fall. The husky Italian grappler suffered an injured back when he was catapulted through the air and landed on the apron of the ring.

Hank Barber, 217, one of the best young grapplers shown here, made short work of Laverne Baxter, of Canada, winning in four minutes and 53 seconds. It was a lively bout while it lasted.

Earlier, Abie Coleman, 205, of California, pinned Jack Hader, 210, in 19:24, and Mike Mazurki, 218, former Manhattan College griddier, and Floyd Marshall, 225, of Texas, tugged to a 30-minute draw.
